Meeting was opened with Bill showing the Bank account details, we had withdrawals of some monies the first was the \$100.00 which went to the White Ribbon ride as five \$20.00 food vouchers as a donation towards Stop Violence Towards Woman, the other withdrawal was \$300.00 that Bill had saved towards going to the Rally which was signed of by the clubs Treasurer Billy Ponsonby, but after the withdrawal Bill found out that he was booked in for his operation on the 25th January so couldn't get to the Rally so decided to go to Kumu for a ride and didn't get there either (Long story) all in all the Bank details are all in order.

The club got a thank you letter back from the White Ribbon Ride for our donation of the Five food vouchers.

Billy Ponsonby went down to the Rally and due to family commitments he couldn't be at the meeting which was a shame because we were looking forward to a talk about his little venture there and back, but he did bring something back for the club a \$150.00 Chq from the National committee this would be the last one we get the \$150.00 was given back to the clubs when the News Letter was posted on the web site and since they mail this news letter out to all members now the \$150.00 is gone. This money was given back to the chapters as it worked out to \$10.00 per member the chapters had at the time of the National AGM, as we had 15 payed up members we got \$150.00, if you would like to know more about this come along to the next meeting and it will be explained more to you.

The Waiheke trip is off for the moment due to not enough members being at the meeting for a show of hands.

It was put to members at the meeting wheather or not to put our meeting minutes on the web site as some other chapters do and it was decided not to do this.

Congratulations to Mike and Margaret they got married on the 8th January 2011 you will see there wedding photo in the March news Letter and it will be on our Northland Chapter photo gallery on the web page.

Bill has also sent a letter to the Canterbury Chapter Area Co-ordinator Peter Free expressing the clubs sympathy for there families and friends who got caught up in the Earthquake, he has had a phone call back from Peter saying the he is okay but his mothers home was destroyed and she is living with him and that all his chapter members seem to be okay, he ahs also put out an invitation to them that when things have settled down they are quite welcome to head up North here for a bit of R & R to get a break.
